

MAKE WORK BETTER

Most of us will spend 80,000 hours at work during our lifetimes.

Knowing you're in a place where you can grow.

To get to the end of the day, and feel like you've achieved something.

That's what it means when you invest in people.

Investors in People was established in 1991.

We've worked with over 55,000 businesses and 11 million people in that time.

And we're just getting started...

As a Community Interest Company we're for purpose, not profit. Although any profit we do make, we re-invest straight back into our purpose.

To Make Work Better.

Some of the organisations in our community include...

Sainsbury's

Iceland

HS2

We invest in apprentices

In 2018 we were tasked by the Department for Education to develop a framework for employers that ensures they are consistently delivering high quality apprenticeship schemes.

During National Apprenticeship Week 2021, we officially launched We invest in apprentices.

Gillian Keegan MP

Minister for Apprenticeships
and Skills

MP for Chichester

"Apprenticeships are a fantastic way to learn while you earn, opening up new and exciting career paths, from cyber security to accountancy.

They will play a vital role in our Plan for Jobs, helping to create and protect jobs as we build back better after the pandemic.

I am delighted to support the launch of the We invest in apprentices framework and a huge thank you to the organisations that took part in developing this pioneering initiative.

Ensuring that employers offer high quality apprenticeships will make sure that people of all ages and backgrounds have the chance to get ahead and businesses are able to access the skills they need to thrive.

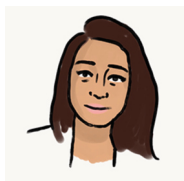

I encourage every organisation that offers apprenticeships to gain this new accreditation."
