British Engines

Your Apprenticeship Questions, Answered

Thinking about your next step after school? Join our online webinar series to find out more about apprenticeships and how to apply for ours. Whether you're just starting to explore your options or already thinking about applying, you'll get practical advice to help you feel informed and prepared.

Across three sessions, we'll explain what an apprenticeship is and why you might choose one, guide you through our application form, and share tips to help you prepare for an interview. There'll be advice on showing your strengths—even if you don't have much work experience yet—and what to expect at each stage.
